

Riesci ad indovinare l'angolo di simmetria prima di verificarlo con geogebra?

1) Focchi di neve:

$\alpha = \underline{\quad}^\circ$

$\alpha = \underline{\quad}^\circ$

$\alpha = \underline{\quad}^\circ$

$\alpha = \underline{\quad}^\circ$

$\alpha = \underline{\quad}^\circ$

$\alpha = \underline{\quad}^\circ$

2) Natura:

$\alpha = \underline{\quad}^\circ$

$\alpha = \underline{\quad}^\circ$

$\alpha = ___^\circ$

$\alpha = ___^\circ$

3) Arte araba:

$\alpha = ___^\circ$

$\alpha = ___^\circ$
