

Table 2

Scalar Multiplication

In this center, you will be practicing scalar multiplication with matrices. You are expected to do this activity on your own, but can get guidance from your teammates. You may choose ONE of the following two assignment options to complete.

OPTION 1:

Step 1: Check out an iPad from Ms. Adams, or use your own device.

Step 2: Go to this website: <http://www.coolmath.com/algebra/24-matrices/03-scalar-multiplication-01>

Step 3: Read through the tutorial on this website. It is on the first two pages. On the second half of page 2, there are a few problems for you to answer. Write down the problem and the answers on your own sheet of paper.

Step 4: Check your answers with the answer key on the front table.

OPTION 2:

Step 1: Check out an iPad from Ms. Adams, or use your own device.

Step 2: Go to this website: https://www.khanacademy.org/math/algebra-home/alg-matrices/alg-multiplying-matrices-by-scalars/e/scalar_matrix_multiplication

Step 3: Answer the questions until you get 3 right in a row. You must show me you have answered all three.
