That's why, when I do my salad, I make sure it's packed with protein (black amgus steak, mussels) and a big variety of vegetables, which makes it more adventurous to eat ?? (iceberg salad with cherry tomatoes, fried red peppers). A little bit of dip (spoon of creme fraiche with oregano) and I'm good to go. ?? [find out here](#)

Copy to clipboard. Wrap. Valerie Hall + The truth is that building #muscle is a rather complex process and a function of many physiological mechanisms that collectively ignite our #anabolic pathways. In order to stimulate them all maximally, we must present the #muscles with a variety of stimuli, which means variations in rep ranges, #training techniques, TUTs, lifting speeds and more. In other words, **◆ heavy weights ◆** do assist in building bigger muscles, but so do **◆ medium ◆** and **◆ light #weights. ◆** The key lies in giving your #body an equal dose of each and not relying on a one-dimensional approach.
