GP Test P is injectable steroid which contains the hormone Testosterone Propionate in preparations of 100 mg per ML. The Propionate ester is much faster acting (2-3 days) than Enathate or Cypionate, and thus requires a more frequent injection schedule such as every day or every other day in order to keep blood levels as stable as possible.

Buy Test P. Test P (Testosterone Propionate) produced by the Odin Pharma brand. There are 10ml vials in a box. There are 100Mg doses per ML, the total is 1000Mg doses. Test P 100 is used by female and male bodybuilders as an injectable steroid during the cutting and bulking period in bodybuilding. The effects and side effects of Testosterone Propionate for female and male bodybuilders differ
