PT-141 | 10mg. Rated 4.60 out of 5 based on 5 customer ratings. (5 customer reviews) \$ 45.00. Buy PT-141 Online from Paradigm Peptides, also known as Bremelanotide, comes in 10 mg vial. It is a freeze dried powder meant for use in research and studies. The PT 141 peptide was first discovered during clinical trials for sunless tanning using MT ... PT-141 Research PT-141 and Sexual Arousal. PT-141 is a unique peptide in that it stimulates the MC-4R, which is known to produce sexual arousal in the central nervous system and influence sexual behavior [], [].Studies in mice have shown that agonist binding to MC-4R causes sexual arousal and increased copulation in both males and females [], [].Because PT-141 works via a different mechanism ... #bodypositivity #personaltrainer #workout #training #health #nutrition #stayhealthy #motivation #loveyourselffirst #bodypositive #coach #coaching #coachinglife
PT 141 10mg Also known as PT141, PT-141, Bremelanotide, PT 141 Peptide Chemical Description.

PT-141, or Bremelanotide, is a research peptide that's currently being tested for its effects on sexual dysfunction. PT 141 is a metabolite of Melanotan 2, or MT-2 (the tanning peptide), that's missing the C Terminal amide group. PT-141 10mg. PT-141 or Bremelanotide is the generic term for a research peptide being studied for its possible use in helping to improve sexual dysfunction in both men (erectile dysfunction or impotence) and women (sexual arousal disorder). PT-141 was developed from the peptide Melanotan 2, which is a synthetically produced variant of a peptide ...
