A little over a year ago I posted about unexpectedly finding irregular proteins in my blood called called monoclonal gamopathy of undetermined significance. These proteins are thought to have a link to cancer, so I was referred to a hematologist for monitoring. At the time, there was really nothing to do except monitor them and see that they don't turn into anything. [more helpful hints](#)

sigma pharma has been blowing up every where.. Does anyone know anymore than who supplies it? The lab Carries "cut mix" and different test. I hear it is "smooth like butter" and it gives no pip. The mass tests come back as crazy good on eroids. Sounds too good to be true? Anyone have any...

Cut Mix 150 Reviews. BASIC. 3. spudpunx. 6 years ago. I ordered this stuff from napsgear so I trusted it would be nothing but spectacular. I was wrong. And the reviews on naps only state how well naps did at providing the product. That last review on the actual product itself was from 2014. #ifbb #ifbbpro #bodybuilding #fitness #gym #muscle #steroids #aas #sarms #physique #health #nutrition #weighttraining #abs #athlete #cardio #gymmotivation #physiquecompetitor Cut Mix 150 (Trio Blend) by Dragon Pharma is an injectable steroid which contains 50 mg of Testosterone propionate, 50 mg of Trenbolone acetate and 50 mg of Drostanolone propionate equalling a total amount of 150mg of substance per ML, and it is available in a 10 ml vial. 01-01-2013, 10:06 AM #2.
